# Setup Guide for Android device

Connecting to "CityU Alumni"

a) Go to the main menu, tap "Settings" and then "Connections".

b) Turn on "Wi-Fi" and tap on it to list all the available Wi-Fi networks.

c) Tap "CityU Alumni".

d) Select or enter the following network information:
- Enter your CityU EID in the "Identity"
- Enter your network connection password in the "Password"
- Select "Use System Certificates" in the "CA Certificate" if available. Otherwise leave it as "(unspecified)" or "Do Not Validate"
- Enter "cityu.edu.hk" in the "Domain"
- Select "PEAP" in the "EAP method"
- Select "MSCHAPV2" in the "Phase 2 authentication"
- Select "Do not validate" in the "Online Certificate Status"

Tap "Connect" to establish Wi-Fi connection.

You may enjoy Internet access upon successful logon.
