## Connect Windows 11 to CityU WLAN (WPA)

a) Click the **"Network"** icon in the task bar to list the available Wi-Fi networks in range.

b) Select "CityU WLAN (WPA)" and then click the "Connect" button.

c) When prompt, enter your **EID**, **network connection password** and then press the "**OK**" button to login.

d) A security alert will be displayed. Click "Show certificate details" to examine the certificate details

CityU WLAN (WPA) Secured	
Continue connecting? If you expect to find CityU WLAN (WPA) in this location, go ahead and connect. Otherwise, it may be a different network with the same name. Show certificate details	
Connect	Cancel

- e) Verify the certificate:
  - It is issued to "auth.wifi.cityu.edu.hk"
  - It is issued by 'Sectigo RSA Organization Validation Secure Server CA"
