⁺ 9 credit units of core courses have been waived for students admitted with Advanced Standing II from the B2 level courses upon admission based on the academic background of students. Students with courses waived in Year 1 should take CSpC/GE courses in semester A and semester B in order to balance their academic load.

Prerequisites – those which are not part of the Major Requirement for students admitted with Advanced Standing II will be waived.

Students are advised to consult their Academic Advisor in planning their own study paths. Please note that study path planning is both the privilege and responsibility of each student, so do it with care and diligence. Please refer to Student Handbook for further details.
