Part II Course Details

Abstract

AC5511 aims to provide students with the knowledge of financial reporting and management accounting. Students are expected to obtain in-depth understanding of the underlying accounting concepts and standards governing the preparation of financial statements under generally accepted accounting principles (GAAP) in Hong Kong and will be equipped with appropriate skills in preparing and reporting financial accounting information under Hong Kong GAAP. In addition, the course provides a review of the functions and information needs of management in the contemporary business environment and allows students to acquire knowledge of inventory valuation and product costing in a manufacturing company at a level suitable for managers.

Course Intended Learning Outcomes (CILOs)

	CILOs	Weighting (if app.)	DEC-A1	DEC-A2	DEC-A3
1	Journalize accounting transactions related to Cash, Receivables, Inventories, Fixed Assets, Payables, Shareholders' equity, Revenues, Costs of merchandise sold, and Expenses; Prepare financial statements (statement of financial position, statements of shareholders' equity, statements of retained earnings, and income statement) for service and merchandising companies.		X	X	
2	Apply accounting principles and relevant Hong Kong Financial Reporting Standards (HKFRSs) to the recognition, measurement and disclosure of assets and revenues. Perform financial statement analysis.		x	X	Х
3	Compute the value of inventory and cost of goods sold of a manufacturing company using job-order costing and process costing.		X	х	
4	Compute income using variable costing and absorption costing.		X	X	
5	Perform cost-volume-profit analysis to make an informed managerial decision.		X	X	x

A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to real-life problems.

A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

Learning and Teaching Activities (LTAs)

	LTAs	Brief Description	CILO No.	Hours/week (if applicable)
1	Lecture	Students will engage in formal lectures to gain knowledge about fundamental concepts of accounting, financial reporting standards and different costing systems and methods.	1, 2, 3, 4, 5	2.5hrs/wk
2	In class exercises/quizzes	Students will solve problems designed to test their understanding of the key concepts and theories of accounting in class.	1, 2, 3, 4, 5	0.5hr/wk
3	Group Project#	Students will participate in groups to consolidate their learning as they produce a report analysing the firm's financial position and performance of public companies. They will also actively engage as audience members during other groups' presentations to deepen their understanding.	1, 2	3hrs/wk for 4 weeks

Additional Information for LTAs

Additional Information for ATs

Final examination:

Students will take a final examination to evaluate their understanding of key accounting concepts and methods as well as their ability to apply knowledge to solve problems.

Students are required to pass both coursework and examination components to guarantee to pass the course. Failing either component may lead to failure in the course. The passing mark is generally 50.

Assessment Rubrics (AR)

Assessment Task

Class-based Assessment (for students admitted before Semester A 2022/23 and in Semester A 2024/25 & thereafter)

Criterion

Online homework and quizzes will be assigned every week via the Connect system. To get good marks, students should review and fully understand the topics covered in class. Late submission will not be accepted.

Excellent

(A+, A, A-) High

Good

(B+, B, B-) Significant

Fair

(C+, C, C-) Moderate

Marginal

(D) Basic

Failure

(F) Not even reaching marginal levels

Assessment Task

Mid-term test (for students admitted before Semester A 2022/23 and in Semester A 2024/25 & thereafter)

Criterion

The mid-term exam will be a 2-hour exam. To get good marks, students should thoroughly understand the topics covered in class and learn how to apply their understanding to actual accounting problems.

Excellent

(A+, A, A-) High

Good

(B+, B, B-) Significant

Fair

(C+, C, C-) Moderate

Marginal

(D) Basic

Failure

(F) Not even reaching marginal levels

Assessment Task

Group Project (for students admitted before Semester A 2022/23 and in Semester A 2024/25 & thereafter)

Criterion

Students will be randomly divided into smaller groups in the first week. Each group will choose a public company (the list of firms will be provided) and perform analysis on the company's financial statements and annual reports (if necessary) using the tools covered in class. Each group will submit a soft copy of written report and give a 10-minute presentation in Week 13. To get good marks for a written report and a group presentation, students are expected to clearly analyse the firm and give logical comments about its financial and strategic status. At least 3 group members should participate in the presentation. Late submission will not be accepted.

Excellent

(A+, A, A-) High

Good

(B+, B, B-) Significant

Fair

(C+, C, C-) Moderate

Marginal

(D) Basic

Failure

(F) Not even reaching marginal levels

Assessment Task

Final examination (for students admitted before Semester A 2022/23 and in Semester A 2024/25 & thereafter)

Criterion

The final exam will be a 3-hour comprehensive exam. To get good marks, students should thoroughly understand the topics covered in class and learn how to apply their understanding to actual accounting problems.

Excellent
