The Southeast Asia Research Centre (SEARC) is the *only* research Centre focused on Southeast Asia in Hong Kong.

SEARC has established a strong international reputation as an important setting for the study of political, economic, and social issues in contemporary Southeast Asia. While receiving funding in most years from City University of Hong Kong (CityU), SEARC members have actively sought competitive external grant funding, helping to foster a steady output of high-quality publications and working papers. The Centre has also attracted many respected scholars as visitors who, in carrying out research projects and conducting seminars, have further energized the Centre. And in regularly sponsoring international conferences, workshops, public addresses, and roundtables, SEARC has contributed widely to public debate and intellectual life at CityU.

Director: Prof. Mark R. Thompson
