

**CityU Library and the Centre for Animal Welfare,
School of Veterinary Medicine are proud to present the
'Animal Welfare Series 2016'.**

The theme of the series of talks is:
Animals as Pets and Companions to People.

*What is **animal welfare**?*

Why do people have pets?

*My pet is getting **old**?*

*Where do pets or **companion animals** come from?
How are they different from other groups of animals?*

*How do I feel about
having a pet?*

*How can I avoid **problematic**
behaviours in my dog?*

Adopting a pet?

**Ten talks are lined up that will
address these questions, and
welfare, ethical and controversial
issues associated with keeping
companion animals.**
