

CA3704: CONSTRUCTION ENGINEERING

Effective Term

Semester A 2024/25

Part I Course Overview

Course Title

Construction Engineering

Subject Code

CA - Civil and Architectural Engineering

Course Number

3704

Academic Unit

Architecture and Civil Engineering (CA)

College/School

College of Engineering (EG)

Course Duration

One Semester

Credit Units

3

Level

B1, B2, B3, B4 - Bachelor's Degree

Medium of Instruction

English

Medium of Assessment

English

Prerequisites

Nil

Precursors

Nil

Equivalent Courses

Nil

Exclusive Courses

Nil

Part II Course Details

Abstract

The course aims to provide the knowledge of the methods of construction for super structure and foundation.

Course Intended Learning Outcomes (CILOs)

CILOs		Weighting (if app.)	DEC-A1	DEC-A2	DEC-A3
1	Evaluate the performance requirements of buildings and their elements;	20	x		
2	Discover and implement alternative technical solutions and design satisfactory forms to match performance requirements;	20		x	
3	Appraise construction methods for high rise structures;	30		x	
4	Choose appropriate construction methods for foundations.	30		x	

A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to real-life problems.

A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

Learning and Teaching Activities (LTAs)

LTAs		Brief Description	CILO No.	Hours/week (if applicable)
1	Lecture	Construction technologies for reinforced concrete buildings, slope protection and foundation	1, 2, 3, 4	2 hours/week
2	Tutorial	Discussion on tutorial questions	1, 2, 3, 4	1 hour/week for 12 weeks

Assessment Tasks / Activities (ATs)

ATs		CILO No.	Weighting (%)	Remarks (e.g. Parameter for GenAI use)
1	Mid-term Test	1, 2	20	
2	Assignment	1, 3, 4	20	
3	Quiz	3, 4	10	

Continuous Assessment (%)

50

Examination (%)

50

Examination Duration (Hours)

3

Additional Information for ATs

To pass a course, a student must obtain minimum marks of 30% in both coursework and examination components, and an overall mark of at least 40%.

Assessment Rubrics (AR)

Assessment Task

Mid-term Test

Criterion

ABILITY in APPLY the introduced construction methods and technologies with attentions to the documentation of discovery made during study.

Excellent (A+, A, A-)

High

Good (B+, B, B-)

Significant

Fair (C+, C, C-)

Moderate

Marginal (D)

Basic

Failure (F)

Below standard

Assessment Task

Assignment

Criterion

ABILITY in APPLY the introduced methods and technologies in the areas of building and foundation construction.

Excellent (A+, A, A-)

High

Good (B+, B, B-)

Significant

Fair (C+, C, C-)

Moderate

Marginal (D)

Basic

Failure (F)

Below standard

Assessment Task

Examination

Criterion

ABILITY in APPLY the introduced methods and technologies in the areas of building and foundation construction.

Excellent (A+, A, A-)

High

Good (B+, B, B-)

Significant

Fair (C+, C, C-)

Moderate

Marginal (D)

Basic

Failure (F)

Below standard

Assessment Task

Quiz

Criterion

ABILITY in APPLY the introduced construction methods and technologies with attentions to the documentation of discovery made during study.

Excellent (A+, A, A-)

High

Good (B+, B, B-)

Significant

Fair (C+, C, C-)

Moderate

Marginal (D)

Failure (F)

Below standard

Part III Other Information

Keyword Syllabus

Multi-story construction; Pre-cast units; Pre-stressing and post-tensioning; Reinforced concrete construction; Steel structure construction; Temporary works; Temporary and permanent lateral support system; Dewatering; Construction of foundation.

Reading List**Compulsory Readings**

Title	
1	Nil
